Hello,

This appears to be a conference call update. I am wondering if media can ask questions via phone? Also is this an audio only? Is there a video or live opportunity with this?

Thank you,

Diane Duthweiler

Hi,

Thank you for this. I wanted to make sure I am clear with what I tell my team in the field. This a conference call or audio-only phone update. There is no video or live opportunity?

Diane

Hello,

Al Jazeera America will have a team in Durango as of tonight. We are hearing the EPA is expected to hold a press conference Tuesday. If that is the case, could you send when and where?

Also, please add Personal Email/Ex. 6 and allen.schauffler@aljazeera.net to your media contact list for this incident.

thank you,
